Dear Julie and Virginia:

The project which the two of you started back in November of 2004 has gone on to experience phenomenal growth and become known nationwide. Operation Sandbox GA is a heartwarming program that does so much for the morale of our military troops who are stationed far away from their loved ones. I commend you both on your dedication and hard work for our soldiers. I am pleased to have this opportunity to thank you for all that you do for them. Our servicemen and women are getting cards and letters and much appreciated care packages which they are unable to obtain in the field. Because of your vision and compassion these brave men and women know they have not been forgotten. The sacrifices these soldiers have made for our nation are immeasurable, and I know they truly appreciate the steps you have taken to enhance the quality of their lives while they serve their country.

Thank you again for your service to our troops. I am proud that we have Americans like you and all the others who have volunteered and helped with this project. It is wonderful to know that there are those who care enough to devote their time and talents to helping our soldiers.

Sincerely,
